I WRITE this to you on the 20th of June. Over the radio has come word that the French fleet has been ordered into port, there to await orders. I'm

guessing that this means complete surrender to Germany, and if it does, it puts Great Britain on a spot which is difficult to say the least. You will recall that about six months ago I predicted fairly accurately all that has happened. I am able to do this because this Movement is a Movement of the Spirit of God on the earth, and its sole object in being brought into existence is to point the way out of the ghastly condition of the world. This we shall do, and both this Movement and its Founder will be known, ere too long, as the Movement through which Hitler and his ilk came to their doom. These are not words of braggadocio, nor are they words of one mentally unbalanced. They are the words of one who, during the past eleven years, has, through the Power of the Great Spirit—God, brought to the earth something quite new in spiritual Power.

This afternoon I took little Florence down to the Moscow swimming tank for her usual afternoon swim. The high school athletic coach "Babe" Brown, whose daughter is one of my secretaries, approached me saying: "Doctor Robinson, what do you think of this mess?" I reversed the question. Brown replied that he had gotten to the place where he could not think. I believe there are millions who have come to that same place. What can we do? Can anything be done? Is the mad dog of Europe going to take the whole world, and destroy civilization? What can be done to stop him?

I want to say to my readers that they should not do too much worrying, for, bad as the future looks, Madman Hitler, and Muscle-in-i, will come to their end, perhaps a good deal faster than they now realize. They are riding high, wide, and handsome, but little do they know the Power which is being thrown against

What Can We Do?

them. In this article may I analyze a bit, and perhaps we can see wherein the answer lies; for the answer to this mad beast, and the human agony and destruction he is causing, lies close at hand—so close that I marvel that someone did not see it long ago. It has often been the case of a prophet, or some new leader, that he has been laughed to scorn, and history's pages are full of those who, knowing the truth, attempted to bring that truth to the world. Their bones lie bleaching in some martyr's tomb. The times are now too serious for such antics. This whole world knows that something has to happen, but, outside of myself and the members of "Psychiana," this whole world does not know what that something is. Let us look at it as Americans, for, I repeat, the answer is close at hand. It is simple to see, after one's attention has been called to it.

This whole business is a moral issue. When one man, in a world as beautiful as this one is, can, through the bombing plane, the flame-thrower, the submarine, the tank, and other ghastly instruments of warfare—when one man can threaten to destroy civilization from off the face of the earth, as is being threatened now, I claim it is first, last and all the time, a moral issue. What Hitler is doing is wrong. It's wrong to kill. It's wrong to so ruthlessly destroy life. It's wrong to send innocent men, women, and children to a premature death by dropping bombs on them. Therefore, it is a question of right and wrong. Hitler and Muscle-in-i and Stalin are wrong. Their ideologies are wrong. Their methods are wrong. In fact, they are all wrong; but they are successful. Today, it looks as if they will subdue the whole world. They will, unless the Power of Right is thrown against them. The Right is a stronger

Power than the wrong. We all know that. Therefore, if this trouble and if what Hitler is doing is wrong, it can only be stopped by a greater

Power of Right. That makes it a moral issue. You will all agree with me thus far.

Now granted that the issue fundamental is one of right against wrong, where is the Power of Right which can be thrown against this power of hate, murder, rape, destruction, etc.? Where is that Power? Where are we to look for it? Naturally one might think—the churches; but I do not believe that anyone believes that any church is capable of stopping Hitler. They cannot agree among themselves. There are 400 and more different denominations, splits, etc., in the United States today, and it is a foregone conclusion that none of these sects, and nothing they teach, can actually and literally oppose and bring the doom of Hitler. That also may be taken for granted, for outside of the "Psychiana" Movement, there is not a single one of them that is trying to do anything. I have the most profound respect for every religion. I love them all. I want to help them all; but the fact remains that there is a grave moral issue at stake in this world revolution, and no religion in existence is even faintly qualified to cope with it. Yet the issue is moral, I repeat. Where, then, are we to find the Force or Power which is so close to spiritual truth that it can, and will, bring Madman Hitler to his complete doom? Certainly such a Power exists. If it does not, then brute force is the most powerful thing in the world today, and I know better than that.

With all due respect to what all churches teach, I maintain that there is not enough spiritual or moral force to any or all of it, to stop Hitler. Yet the moral and spiritual force which can stop him exists certainly. Let me tell you where that Power is.

God and the War

MRS. Marie Matthews, a good member in Chicago, writes and asks the following question: "Why, with the millions of prayers going up, does God allow this war to continue?" That question has been asked and mulled over in the minds of millions of people for many years. It is one of the questions which turns men and women away from anything the churches teach. It is because of the inability of the god of the church to do anything here and now, that millions are turning away from it; for in these days, men and women are thinking. They listen to these church theories of God, they hear the different religious organizations tell on the street corners and elsewhere what God did for them, and they invariably ask the question Mrs. Matthews asked. Let me tell you.

In the first place, this is not God's war; it's man's war. God Almighty has nothing to do with it. This war is a result of false stories and theories of God which have been handed to men and women down through the ages, and man, not knowing a single thing about the actual existing Power of the True Spirit—God, has come to the conclusion that God does not exist. Hitler and Mussolini believe that the only thing which is right is might. They do not recognize God Almighty at all. They cannot recognize God because the truths of God had never been brought to this world until this Movement came into being. Hitler knows all about God Almighty being born of a virgin and crucified on a cross for the sins of the world—he knows that story backwards. He does not believe it. Neither do I. Neither do you. Hitler makes the fatal mistake of thinking that such a story as that is divinely inspired, instead of being completely man-made; so, he starts out to conquer the world. He will fail, but the idea is there just the same.

This war will end in a vital clash between the forces and power of hate, war, and misery, and the higher forces of the Realm of the Spirit of God. That means that before this war

is over, mankind will have had brought to it the true conception of God. That conception, it has never yet had brought to it. The incipient Power which dwells in all of us who recognize the Power of God—in us—is the Power which will be made universally known to the world ere too long. When that true conception of God, with all the Power of God, is fully known, man will realize that he can have everything he needs through the existing Power of the Spirit of God in him. Then, there will be no need for war; but as long as the god of the church was virgin-born, crucified on a cross, etc., there can never come to the world the true conception of God through that story. Remember this, please: *it is the absence of God from this world which has made this war possible. Not a single religious organization in existence is teaching the true God. What they are teaching is an old heathen tradition which can very easily be proved to be just that. I have proved it many times. When the message of "Psychiana" becomes known, as it will, the knowledge of the Power of God will be so universal that wars cannot ever happen. God haste that day—I am doing all one man can do to bring it about.*

This brings us to the "prayer" proposition. There are millions of prayers "going up," and that's the reason they are never answered. They go up. They should go in; for it is in you the Spirit of God lives, and there he may be found. Not "up" in the sky as the heathen, including the Christian, teaches. These millions of prayers might just as well never be uttered, for they only go into space. God could not save this world or stop this war if every inhabitant of the world prayed until the crack of doom, for the god the prayers are directed at does not exist. That is the "god" who made a blunder when he created the human race, and then, of all things, came down to earth to be killed on a cross to repair the damage he did when he created man. That's blasphemy on the name of God and the teaching, instead of drawing men

to a knowledge of the actual Power of the Spirit of God, has drawn this world into war. If the god to whom the prayers are directed does not exist, how can they be answered? Let me repeat—this is *not God's war. It is man's war.* It will be stopped when men and women find out where God is, and stop believing foolish and childish theories of god "in the sky waiting there with a big book," etc.

There is enough Power of the Spirit of God abroad in this world today to bring all dictators to their knees. Believe me, there is; but the world does not know of that Power. It has been told that the only true God there ever was came to earth 2,000 years ago, was killed, rose again, but has never been seen or heard of since. With such balderdash as that, is it any wonder the world is in the frightful condition in which it finds itself today? Certainly not. Prayers, as such, are absolutely valueless. They are an evidence of paganism, and if anyone doubts that, may I say that every fundamental of the Christian religion is to be found in the systems of religion which the Christian calls pagan. Every one of them. Those ideas of God will never save this world. The True Spirit of God, as that Spirit is being revealed through this Movement, can and will save it.

I have released and am still releasing through the mails hundreds of thousands of circulars asking everyone who receives the circular to throw the existent Power of the Spirit of God against Hitler and his man Friday. I am saying to you now that

Questions and Answers

Ques: I have a book which says that Jesus did not die on the cross, but lived to a ripe old age. Is that true?

Ans: I don't know. I wasn't there. I have that same book, but I am not interested in either event. I am interested only in the present existing Spirit of God, and its ability to manifest in the lives of human beings here and now, to their complete joy and happiness.

Ques: I was raised a Catholic but I found God through "Psychiana" some eight years ago. It was the first time I had ever known about God, but sometimes I feel a great longing for the rituals of the church. What should I do?

Ans: Anything you want to, brother. If you prefer the rites, the paganism and the idolatry of the Roman church to "Psychiana," go back to it. I'll never try to stop you. Every man is a free-will agent so far as I am concerned. I am quite sure, though, that you never will go back.

Ques: Who will win the European war, Hitler or the Allies?

Ans: Neither one. There is no victory in war.

Ques: Why doesn't God make some manifestation on the earth so that we may know there is a God instead of keeping quiet for thousands of years.

Ans: If this whole created scheme of things isn't a manifestation of God, then I'm a Chinaman. What sort of a manifestation would you ask?

Ques: Did not Josephus allude to Jesus as being on the earth?

Ans: No, he did not. The quotation found in the later works of Josephus is admitted by most Christian bible scholars to be a forgery and an interpolation. No Jew ever alluded to Jesus as God. This passage has been exposed many times as you will discover if you read church history.

Ques: I am a Congregational minister. I am pastor of the ——— Congregational church. I would give my right arm to see you working in the church for God instead of being on the outside. There is not much difference between your doctrines and ours. Cannot we compose them? The church certainly lost a power when it lost you.

Ans: I, too, would give my right arm, if I could work in the church instead of outside of it, but I cannot go against my convictions, beloved. God means too much to me to tamper with those convictions in the slightest degree. I cannot, cannot do it. Let me reverse your offer. If there is very little difference between what I teach and what you teach, why don't you come over into my camp? I think you will admit we are doing more for the Kingdom of God and humanity through this Movement than you have ever done. I mean in actual results in human lives. Maybe you'd better keep me out of the church. I might upset it. More than one minister has made the same statement about "losing me to the church," but it was the church's own fault. God knows I tried long enough and hard enough to find God in the church,

and couldn't do it. When I stopped trying, and discarded everything the church had ever told me about God, then I found Him. Perhaps the church cannot understand that. It's food for thought, though. If I ever do get back into the church, it won't sit back on its haunches like it does now, absolutely powerless to do one single thing in this sin-cursed universe. You see, my friend—with you, God is an adjunct to the church, while with me, God is greater than any church—there's the difference. Whenever the church wants to see a real honest-to-God revival, let it send for me. I'll promise to give it one, through the Power of the Spirit of God.

Ques: What is the difference between spirit and body and where does the connection come in? Why did man have to "fall from grace" after God made him ages ago?

Ans: Well, that's some question. If I knew the answer to that, I should be a very happy man. We know two definite things. We know man has a physical birth following the law governing the physical creation of man. Then we know too that it must be the invisible Spirit of Life, or God, which is the motivating Power behind that life. It is not reasonable to believe that this physical body generates the invisible forces which are of God, such as life, love, peace, joy, etc. All these manifest through the body, but I don't believe they have their inception there. What the reason for the clash between body and Spirit is, I do not know. I wish I did. So, not knowing, I keep in the Realm of the Spirit of God, and I am being led day by day into the joys of that realm. In the meantime, I try to bring to others the conception of the Spirit of God in them.

Ques: How can I cure a cancer on my left breast?

Ans: You can't. The Spirit of God in you can.

Ques: Should a Catholic marry a Protestant? My friend is a Catholic and wants to marry me, but my parents say I should not marry him. What would you suggest?

Ans: I think your parents are right. Any man who, in this enlightened age, believes in anything the Catholic church teaches, is certainly not the man for you to marry. You would be taking a chance I wouldn't care to take, if I were you. Get a Protestant. Then there will probably be no "priest" trouble.

Ques: Our pastor has studied your writings and he says you are right. He is handing in his resignation and is going to refuse to preach Methodist doctrines from now on. Is he doing the right thing?

Ans: This case has been brought to my attention before. Dr. Tenney has an appointment with that man. I admire him. I respect him. I think he is a real man and he will find something much better.

Ques: Who were the early "fathers" of the church—you mentioned them in a recent magazine article?

Ans: Barnabas, Hermas, Polycarp, Irenaeus, Eusebius, and pagan writers such as Celsus, Porphyry, Emperor Julian, Hierocles, Eunomius and others I forget just off-hand.

though many will lose their lives, this simple thing we are doing will bring Hitler and Friday to their doom and will do it fast. If there is one reader of this magazine who thinks that he or she cannot prove the existing Power of the Great Spirit—God, in his or her own life, let such a one do this—let them take the picture of Hitler and Friday (Mussolini), which picture I am releasing by the tens of thousands, and let them follow the injunction given on that circular. You will find out very quickly whether there is a God or not.

Tonight, before you retire, rest on the bed or in a chair in your room. Close the eyes. Relax. Breathe slowly. Then, recognizing that the Life Principle which is God lives in you, and is giving you the power to breathe and live, say this statement three times: "*I have the Power.*"—"I have the Power"—"*I have the Power.*" Then go through the next day with this statement of fact running through your mind, and let the consciousness of that Power be in everything you do. It won't be very long until you know that a higher Power than you possess is manifesting in you. No need of prayer then. You just simply recognize the invisible Power of the Spirit of God in you, and then you *direct that Power*. Forget all about virgin-born crucified gods. Realize the staggering fact that the Spirit of God which created you, *still lives in you and can bring to you, through its own Power, everything you can possibly need*. This is actually communing with the True Living Spirit of God.

"Psychiana" is a Movement of the Spirit of God on the earth, and the aim of this Magazine is to assist "Psychiana" in making the Spirit of God a vital living Power in the lives of our fellow-men. The Movement is non-denominational. Its Members comprise adherents to every faith in the world. It wants to help them all. We have no "articles of faith" nor do we have creeds or rituals. We know man exists, and we know the Spirit of God exists. We know man can know the Power of the Spirit of God while on this earth, and through this Movement God is being made a Living Reality to men and women of every race and creed all over the world.

Whenever it is necessary, this Magazine speaks very plainly. Many traditions of "orthodoxy" are shown for what they really are. Whenever we find ancient myth and superstition masquerading as being of the Spirit of God, we bring the facts to the world, kindly but forcefully. We believe the Power of the Spirit of God is abundantly able to step into this desperate and discouraging world picture, and bring a permanent peace. To this end we are striving, and as the Spirit of God reveals itself to us, we reveal it to others without fear.

Members of every church are cordially invited to come and find and use the Power of the Spirit of God with us. An infinite love for all is the motivating Power of this entire Movement. Through this Movement the Spirit of God is making its presence known on earth.

What Can We Do?

(Continued from page 1)

and then, join with me, and let's get busy and use it. Let's put the Right against the wrong, and, like true Americans, we shall see the Right win.

The trouble lies in the fact that every religion in existence has taught the separation of man and God. God made a mistake when He made man. Man is a "sinner." He is separated from God. He never can know God until he dies, and then only if he believes something which some church organization has asked him to believe. The Christian tells us there is no other name under heaven whereby man can be saved than by the name of his god. Another, and perhaps larger, system of religion comes along and tells us the same thing about another god; and so on. We find, if we care to inquire, that every fundamental of the church of today was known to the church of yesterday, and all these teachings are predicated upon the fall of man. He is separated from God. He

is a sinner, doomed without something the church has to offer. I disagree. I disagree with any religion which teaches that God lives anywhere *outside* of the man He created. This church teaching has born and bred an inferiority complex so deep that it never would have been eradicated had not the present dangerous times come along. It is these dangerous times, and the manifestation of Hitler, which will bring to this world the Power of the Life-Spirit which made us all, and which still lives in *us all with all the Power that God has.*

In other words, man is not a "sinner" standing in need of prayer. Man is the greatest individual piece of construction God ever made. The crying shame of it all is that the Power of God *exists in every one of us, and this Power it is which can, and will, bring Hitler and what he stands for, to his knees. No other Power can, and the Power of the Great Creator of this universe, the Power of Right, never lived anywhere outside of a man.* Then, this being a fact, does it not follow that man is the owner of a Power so great that he has never dreamed of its existence? It does. This is the most staggering statement you have ever seen in print, and it puts the weapon with which Hitler will be defeated, in the hands of every American. This is something new. This is a new religious thought. Think it out, and you will agree with me that in man is the only place where the Power which is God can manifest. *If the Power of the Great Spirit of Life, of Peace, of Intelligence, of Wisdom, of Justice, of Love, etc., does not live in man, it does not live at all.* Now then, what are we to do to throw this moral and spiritual Power into play against Hitler? In the first place, we are going to recognize its existence in us. How? Well, listen to me. You know as well as I know that the Power which made you and me still lives in us. If it did not, we could not take another breath. If it lives in us, *we can know that fact, and had it not been for teachings that God is separated from man, we would have known the fullness of that Power centuries ago.* So the first thing to do is to get acquainted with that Power in

(Continued from page 5)

Daily Power

From the moment you get up in the morning to the moment you retire, your whole day should and can be a day of overwhelming victory and power. These two things, victory and power, can come to you because the infinite Spirit of Power lives in you. Not only does that Power live in you, but you can consciously recognize its presence in you; and more than that, you can, in every needed instance, use that Power which is God. What Power do you think it is which gives you life? What Power is it that gives my Students ability to write letters to me, and understand what they write? What Power is it in your physical body which gives you the ability to walk across the room? The trouble is that churches have separated God from man. They have told us a false theory that God made a mistake when he made man, and today, according to them, man lives in need of a "savior," who, we are told, came to earth 2,000 years ago to be crucified for our sins.

Man needs no savior. What he does need is the consciousness of God *in him.* That, of course, does away with every church theory of God. In view of the ghastly world conditions existing today, such theories should be done away with, for not only are they completely powerless to stop Hitler, they also clutter up the ground. These organizations, well-meaning though they are, *would actually drive the truths of God from the face of the earth, if the one bringing those truths did not agree with their funny philosophies. They tried that with me.* They failed, of course, for no church organization without God can avail against one little man *with God.*

So forget church theories of God separated from man. They are not true. When God made you he gave to you all the Power there is in the Realm of the Spirit of God. Two things are necessary in order that you may be a winner in life: *first*, recognize that fact; and *second*, use the Power of God which is within you.

Age whitens hairs, but not sin.—J. Petit-Senn.

What Can We Do?

(Continued from page 4)

us. How shall we do that?—by constantly affirming what is a fact. This Power is in us, but, not ever having known that, it will take us some time to go through spiritual kindergarten. Soon, we shall know that Power in us, and when we do, Brother Hitler will know it also, for wrong absolutely cannot stand against the Right—you know that; but the Right *will have to manifest as a literal, active, dynamic Power, capable of being consciously thrown against the wrong.* That is what will happen when you begin to learn the actual and literal Power of God which exists in you. Now, here's how you will find that Power: you will repeat a statement of fact, and the Power will make itself known to you.

Spend two minutes every morning, repeating this statement: "*I have the Power—I have the Power.*" Spend two minutes at night doing the same thing. Say it out loud, for all you are doing is calling your attention to an existing fact. Think of all the Power of God being in you, and then go after that Power by this statement. The more earnest you are, the more Power will be manifested in your life. There is no limit to the Power of God in you, and all that Power asks is a chance to make itself known, and down Hitler. This sentence, repeated for a little while, will transform your life. It will reveal the Power of the Spirit of God to you. It will enable you to throw sickness away, and, best of all, it will bring Mr. Hitler to his knees. I am now awaiting the proper moment to step into the world picture with this message, and with the Power of God, which Power I possess. I can bring the whole of America, including every church organization, into the greatest spiritual Movement for God this world has ever known, and if the churches will not join me, the Spirit of God will manifest on the earth without them.

There is no other Power which can stop Hitler. This Power exists here and now in us. I have been chosen by God to be the humble and simple man through whom the Power of God is to be made known to the world. It's

only eleven years since I stepped out of a little drugstore here in Moscow, Idaho, and you know what has happened in those eleven years. Persecution could not stop the Movement. Slander and church attacks could not stop it. Nothing could stop it, and nothing ever will stop it until this world knows the actual and literal Power of the Great Spirit—God, in each of our lives. Hitler, beloved, can't stand against that Power, for what I am talking about is the Power of God—the Power that made us. I'm not talking about Jesus Christ, or Chrishna, or Buddha, or any of the rest of the "gods" of the many systems of religion—I'm talking about *the invisible Spirit of God which no man has ever yet seen. That's the Power which will drop Hitler. That's the Power you have available to you. That's the Power of Right which will drop the power of wrong, and the only question for you personally to decide is, do you want to recognize that Power in you?*

Every clear thinking American does. If I had, tonight, \$100,000, I should start tomorrow morning, and I can bring in the greatest Spiritual Awakening this world has ever known. It has to come. Someone will provide this money; and as a result of this Movement of the Spirit of God, peace will be restored to this earth, not because of anything "Psychiana" can do in its own name and Power, *but because "Psychiana" has seen the true Spiritual Light and Truth, and is revealing that Light and Truth to this God-forsaken world. This picture of the Power of the Spirit of God in you, cannot help but win. There is no other Power on earth, in air, in sky, or in sea which can stop the brutal inhuman force which is manifesting through Hitler and his man Friday.* The Power of God, as that Power exists on this earth, can and will. If it does not, humanity and civilization will go back to worse than the dark ages. But with the Spirit of Truth, which is God, thrown against such darkness, it will vanish as the noonday sun. I shall ask every reader of this magazine who can, to get in touch with me regarding the bringing in of the greatest outpouring of the Spirit of God this world has ever

known. I know what I am doing. I know the Power of God, both in me and in you. That Power will stop Hitler.

Where is the man, woman, or organization which will finance this Movement for me? I leave it with you, and in the hands of the Great Spirit of God, whose servant I am, and whom I serve. The time is getting shorter and shorter. If you can help me in this campaign for God and humanity, and against Hitler and his ilk, do it now—not for me, for this Movement is non-profit, and I'm not interested in your money for my own sake, but it takes money to finance what I want to do, and somewhere there is a man or woman or organization which will be happy to get this "Psychiana" Movement for God before the world. It's easy to stop Hitler when you know how to use the Spirit of God, provided you have the True God.

With Our... Students

The next letter comes from Norwich, Conn., and was written on the 20th of March, 1940. Student 30-453, and her name is Mrs. Hatgideck. I quote from this letter:

"Does this mighty God-Law really work? Well, I'll say it certainly does. Dr. Robinson, I was in desperate need of money. I asked "PSYCHIANA" to come to my assistance and it actually did. Of course, I did not get all I asked for, but I got some money from a bank and I thank God and you, Dr. Robinson, because the God-Law worked, as it actually did."

Many people used to take exception to my advertising that the Power of the God-Law could bring financial help to anyone. If anybody would like me to prove that statement I am in a position to do so beyond a shadow of a doubt.

✱ ✱ ✱

The next letter comes from Ellensburg, Washington, where I worked in the drug business for O. W. Ball, a long time ago. I was in Ellensburg a week ago. This Student some years ago had two cancers removed from his eyes through the Power of the Spirit which is God. In this letter both he and his wife refer to it.

"Both I, myself, and my wife believe fully in the Invisible Spirit and Power of the Living God. The cancers which once threatened the destruction of her eyes, or even life itself, are now disappearing very fast, and have practically vanished."

We are not children any more, as our combined ages are more than 173 years. The God of the universe, who gave us life in the first place is still sustaining these two lives for reasons known only to God Himself."

It is such letters as these which come to us by the thousands, which prove that God is on this earth today and the actual Power of the Great Spirit, God, which Power no church in existence knows anything about. What do you think would happen if every church house in existence were duplicating the work we are doing?

✱ ✱ ✱

From New Orleans comes a letter, dated March 13, 1940. The Student's number is 26-662 and the name is Margaret Ellis. I don't believe she would object to my telling her name here, and what she thinks about our Teaching. She says:

"Your Teaching is certainly different. My life is beginning to change already, and I am so happy about it. I have had several problems, which have now completely vanished since I enrolled with you."

It seems so unreal. Yet it is real. The results are so marvelous. I will send you one of my pictures in my next letter, and would be very happy to have one of yours. I am enclosing my monthly payment."

✱ ✱ ✱

From New York City, Student 29-138 states that since she studied this Teaching all the problems facing her have been ironed out. She says:

"... I was so happy at what I was able to accomplish in one certain business deal that I could not believe my own ears."

It is impossible to read just one day's mail without knowing, beyond a shadow of a doubt, that when the world realizes what is going on here in Moscow, it will flock to this city to find this Power.

I now find a letter from St. Louis, Mo., from Student 277-468. This person writes as follows:

"After working on Lesson 5 for the last ten days I am going to report. Perhaps I should have reported a long time before this, but I seem to be always busy. I am happy to have found you and "PSYCHIANA." My peace of mind is greater than ever before and I feel that since your great Power has been known to me, things in general are moving along much more smoothly."

Your Lessons are clear, simple and to the point."

From Shawnee, Oklahoma, Student 101-184 writes as follows:

"I want to thank you for what you have done for my little grandson. His name is Johnny Sam Scott, and he lives in Salt Lake City. You came with your help and he is now back in school."

We will always be grateful to you and thank God that he brought this understanding to you."

It doesn't make any difference whether it be a child or grown-up. A colored man or a Jap. A doctor or prize-fighter. A tramp or a millionaire. The same invisible Power which roams this universe, flies to the assistance of all when its existence is recognized, and when the call for aid is sent out. Is not this better than to go, with a Bible tucked under your arm, peregrinating to some church house to listen to a priest or preacher wash your sins away? The time has come for plain speaking in the realm of religion, and I am glad that I have both the ability and courage so necessary to do this work."

It will not be too long until the eyes of the world will be on Moscow, and the priests and preachers will do their very best to upset this Movement, but it sails merrily along doing the work of God and the whole Christian world wonders why."

If the churches of the United States would throw away the old pagan myth they teach in the way of God, and find the Power we know is here, it would be a different world, I assure you."

That day is steadily coming and I am very happy in having been chosen by God to do this work."

Now we go to Lincoln, Nebraska, and we find there a lady by the name of Hamilton, Mrs. Emma V. Hamilton. Her letter goes like this:

"At last I have a report from the parents of little Lola Mae, two years old. The aunt and I never gave up hope, even though there seemed to the naked eye no change, and even though the doctors said she could not live. We knew this help would come in time and began to realize that the baby would live. The doctors said, 'This child will not live, and you can't make us believe it will.' However, the child did live and is well and healthy today."

This letter is too long to quote it all, but it is one of many thousands of amazing letters which tell of imminent death being warded off, through the Power we are teaching."

✱ ✱ ✱

Now we go down to New Mexico and find there a lady Student who writes as follows, on March 6, 1940:

"I have such a happy report to make. My husband was dying of heart trouble and arthritis, for which there was no cure. I could see he got worse every minute. So bad always at night."

I asked your help and kept up my courage myself. Now after four specialists worked on him, they say he will live. Words can not thank you for what you have done for my husband."

By My Spirit

The question is coming in often: "How can God stop this war outside of military might?" Well, you will remember that it was a snowflake which stopped Napoleon, and it will be a direct "act of God" which will stop Hitler and Muscle-in-i. The arms of the Germans and the "Wops" are mighty. They are deadly. *But they are not superior to the Spirit of God.* That Spirit it is which created this universe. That is the Spirit of Peace, Justice, Right, and everything else good. I would rather know the Power of the Spirit of God in my life than I would have all the arms in the world. Wait a little while longer. As the concentrated power of the Spirit of God, as we are using it, grows, and many each day are joining us, this world will see one of the most remarkable demonstrations of Spiritual Power it has ever known. Let no one fool you. Let not temporary victories and massive tanks disturb you, for God still lives. The Power of the Spirit of God still operates, and this Power is even now, as I write this, being thrown against Hitler and all he stands for, and the speedy, I said "speedy," defeat of them both is in the offing. Keep constant in your affirmations.

The Fifth Column

By Edgar A. Guest

Son, when some alien comes prating
Of better than what you possess,
Endeavoring to trade you with hating
Your more for his pitiful less,
Look off to the land of his leaders,
Where men in subjection remain,
And mothers are cannon-food breed-
ers,

Then ask: If he thinks you insane.
Son, when you hear someone mutter
Disdain of your land of the free,
Ask if for bread they have butter,
And sugar and cream for their tea?
Ask 'neath the rule he's admiring
If workers drive cars of their own
And what worth the toil of acquiring
In his land has ever been shown.
Son, when you hear someone screech-
ing

Disdain of the wages you earn,
Just ask to the land of his teaching
Why quickly he doesn't return?
Ask why he lingers here neckfast
'Neath the flag which he'd have you
disregard,
Having two eggs and bacon for
breakfast,

Instead of his black bread and lard.
Ask if that ism he's fled from

Enriched or impoverished his clan;
If the teachings he hurried in dread
from

Made easier the lot of a man?
If so, then why didn't he stay there
Instead of deciding to flee
And escaping the lashes that flay
there

To come to this land of the free?

It is far more difficult to be simple
than to be complicated; far more dif-
ficult to sacrifice skill and cease exer-
tion in the proper place, than to ex-
pend both indiscriminately.—Ruskin.

Simplicity is the law of Nature for
man as well as for flowers. When the
tapestry (corolla) of the nuptial bed
(calyx) is excessive, luxuriant, it is
unproductive. The fertile flowers are
single, not double.—Thoreau.

Purity and simplicity are the two wings
with which man soars above the earth and
all temporary nature. Simplicity is in the
intention, purity in the affection; simplicity
turns to God; purity unites with and en-
joys Him.—Thomas à Kempis.

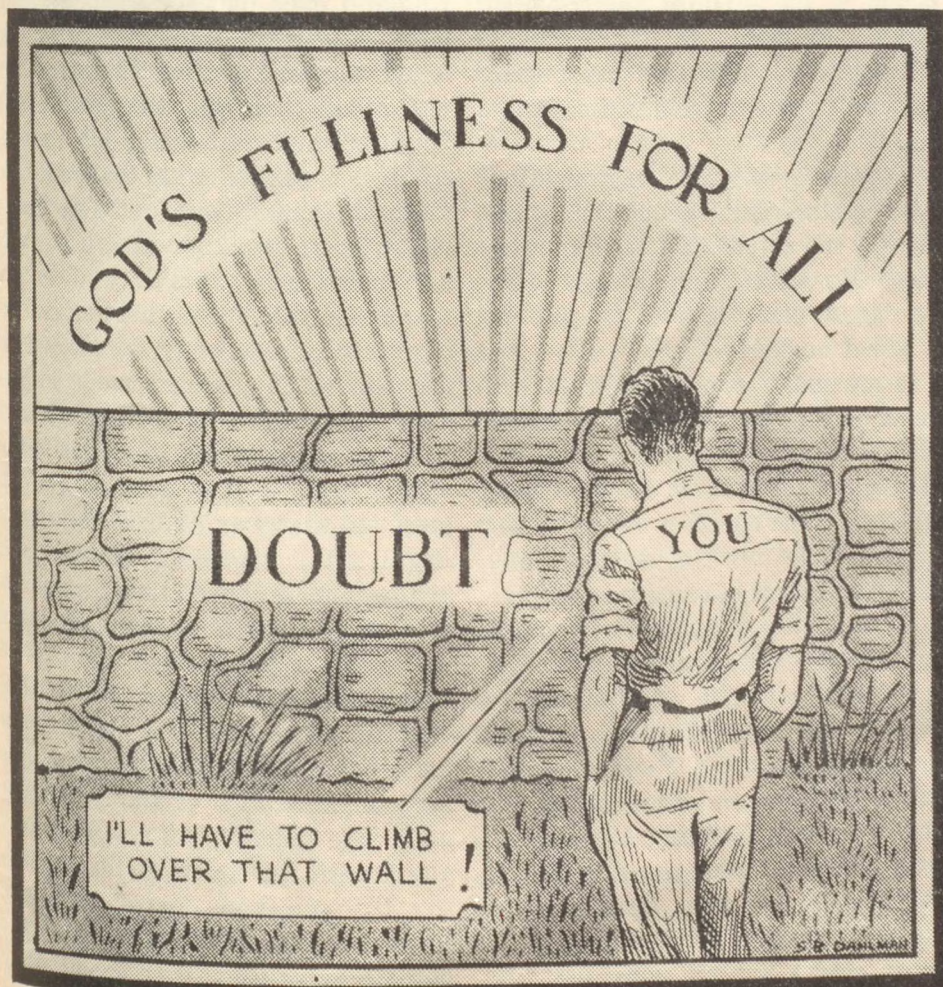

Our "Blitzkrieg"

Hitler is not the only one who can
develop the "blitzkrieg" tactics. We
can do that, too. The difference is that
the Hitler "blitzkrieg" is intended to
give him the world for a throne. This
is God's world, not Hitler's, and be-
fore this affair is over, the most mis-
erable and pitiable object on the face
of the earth will be brother Hitler,
and his ilk. They cannot stand against
God, as God is being made known on
the earth through the "Psychiana"
Movement. You are a vital part of
this Movement. It is your duty to
swell the number who, four times
daily, are throwing the Spirit of God
against Hitler. I trust you are doing
that faithfully. Remember, you are
not doing it alone. Tens and perhaps
hundreds of thousands are doing it
with you. *Keep it up. I know what the
future holds. Let me lead, you follow.*
Hitler and the spirit of evil behind
Hitler will go down to ignominious de-
feat through the Spirit of God. You
do your part.

When Power Works

The Power which is God in you
works whenever you need it to. Sup-
pose you need a job. You first rec-
ognize that within you, as your very
life is the God-Power which, among
other things, is all-intelligence, all-
wisdom, and certainly knows where
that job is and how you will get it.
So then, you go out wherever jobs are
to be had, and, recognizing the all-
wise Spirit of God in you, you follow
the leadings of that Spirit. It will not
only lead you to that job, but the job
will be a good one. To be brief—the
Spirit of God in you knows better
than you know what is the thing for
you to do, and when you *know* that
this Spirit is in control, you are for-
ever safe and sure. Let it lead. One
thing to remember, this Power works
every time you yourself spring into
action. There, behind you, is all the
God-Power you can ever need. Realize
that, and life will be victorious for
you.

He alone is a man who can resist
the genius of the age, the tone of
fashion, with vigorous simplicity and
modest courage.—Lavater.

What the Power Does

If any of my Students feel that there are limitations to the Power of the invisible Realm of God, let me hasten to assure them that such limitations do not exist. When the fullness of this invisible Power is known, all sickness and illness and even death itself will be subject to that Power which is the true and only God this world has ever known.

I don't like this word "God." What the original word really meant was "the gods." The Christian bible still offers something like this: "In the beginning God created the heavens and the earth." The true rendering should be as follows: "In the beginning the gods created the heavens and the earth," and that changes the sense entirely. Whoever it was that wrote the first few books of the bible might just as well have been honest and told you they did not know who created the heavens and the earth.

Just as long as an attempt is made to designate or classify or explain the invisible Spirit of our lives, and bring an understanding of that Spirit within the human in its present state a false philosophy must then be reached.

The common-sense explanation of the Deity really has no explanation. No one knows yet what the Spirit really is and we know that God Almighty never could have been anything else than a spirit. These foolish attempts of the different churches to tell us that God made a mistake when he created man and had to come down to earth in the form of man to obliterate the results of that mistake are untrue and pagan philosophies of God.

The picture I want every Student to catch is that the Eternal Spirit of Eternal Life is an actually existing, dynamic Spirit Power, which in itself has the ability and the power to bring to every individual life an abundance of all things necessary to the complete happiness of that life.

Any attempt to wrap God Almighty in the form of a virgin-born god is certainly not the conception which will ever save this world. In the first place, the story is not true. In the second place, the preaching of it never

has been able to do one single thing to straighten out this world.

Altogether, there have been three dozen crucified gods, who came down from heaven to save man from sin. One look at the world today, however, should very effectively convince any thinking man or woman that so far as these "gods" were concerned, they might just as well have stayed where they came from, for the very fundamentals of civilization are threatened today. We see a world gone mad. We see a world whose future looks black. We see a few men on the horizon who would put this entire world under the rulership of brute force.

The pity of it all is that there doesn't exist one religious organization which can demonstrate enough of this Power, or to have its so-called "god" do one single thing to stop this calamity, which can be stopped, but never will be by any theory that God Almighty made a mistake when he created man, and then to rectify the mistake came to earth in the shape of man to make good.

When the human race recognizes in itself the Power, the Ability, and the Wisdom of the Infinite Spirit which created man, it can drive these war-mad negative characters back into the ungodly regions from whence they came.

If any one religious organization knew the first thing about the actual Power of the actual God, such men as Hitler, Mussolini, and Stalin could never show their unholy faces over the world horizon.

Let me make a prediction to you here. I predict that when it becomes known what this Movement is doing, and when the Power it demonstrates is known to the earth, a new civilization will have dawned. Just as long as old religious organizations continue to prate about Peter and Paul and the Virgin Mary and Jesus Christ, this world will continue to be utterly hopeless; for none of these philosophies know the true Power of God exists, and they are untrue and pagan in their origin. Nothing heathen or pagan can cope with these war-mad dictators and the false ideas and delusions they stand for.

I am only a human being just like you are, but I have seen a lot of things

happen in the past eleven years, and I speak truly when I say to you that the answer to the problems which confront this world today lies in the palm of our own hands.

When, however, men and women recognize the authoritative Power, and Wisdom, the Strength which each has because of what each is, I am telling you that we shall have a new race of men on this earth.

It is utterly impossible to preach a negative theory of hell-fire and damnation without bringing into existence an inferior civilization. Let us therefore substitute for these old "crucified gods" the actual Power of the Living Spirit, and let us further realize that there can be no limitation to the infinite, invisible God-Spirit which created us in the first place and which moment by moment offers to us all the limitless Power it possesses because it is God.

Chamberlain

There has been a lot of criticism of Chamberlain, and personally I think he is about the biggest mistake England ever had for a Prime Minister. The fatal mistake England made was in starting this war. You will recall that war was declared by England, and that was a big responsibility. I realize what happened in Ethiopia and Poland and Czechoslovakia, and I also know that Chamberlain considered it his duty to declare war on Germany; but that declaration of war was a sad mistake. It started the ball rolling, and it made impossible any chance of getting together without one nation or the other being obliterated. As it is now, no one can ever win that war. War is never won. Right never manifests through dead bodies, and it never takes the submarine or the bombing plane. England was short-sighted when she allowed Chamberlain to become Prime Minister. If there had to be war, a better man than Chamberlain could have been chosen. It's probably too late now. The ghastly thing will have to go on until the Spirit of God, operating through men and women who know God, steps into the picture and demonstrates that there is something for man far better than war.
